## **PE Funding**

# **Evaluation Form**

Created by

#### **PE Funding Evaluation Form**

- It is intended that this template should be used as preparation for the completion of the statutory digital reporting tool being introduced this academic year. You can upload data (including swimming) from this template onto this platform once it becomes accessible.
- Before you decide how you are going to use the funding for this academic year you should reflect and evaluate the impact of your use of the funding in 2023/24.
- •All spending of the funding must conform with the terms outlined in the Conditions of Grant document.
- The template is a working document that you can amend/update during the year.
- Based on your evaluation of last year's funding you should decide what you intend to do this academic year, how you will do it, and what impact you expect it to have.

It is important that the funding is used effectively and based on your school's needs.

- You must use the funding to make additional and sustainable improvements to the PE and sport in your school.
- You must develop and add to the PESSPA activities that your school already offers.

Summative digital reporting from June 2025 will continue to include swimming and water safety information therefore funding can be used to provide top-up lessons where necessary to ensure pupils meet national curriculum swimming requirements.

## We recommend that you start by reflecting on the impact of current provision and reviewing your previous spend

What went well?	How do you know?	What didn't go well?	How do you know?
PE curriculum and extra-curricular	Addition of Tri Golf, Table tennis and orienteering as new activities	Some staff upskilled need to do more CPD work with other staff.	only 2 members of staff were confident of leading new activities
activities offered.	to be offered in PE and sports clubs.	training to extend beyond what we	Prices of coaches going up and of a
Introduce lunchtime sport sessions/activities for pupils.	New clubs this year include Tag Rugby, Golf and Netball.	have completed this year.	budget to use for more fixtures.
Introduce new / further develop	We have increased the amount of	Increase transport cost has set us back in more fixtures and we have	
existing extra-curricular sport sessions/activities for pupils after	fixtures vs other local schools, which includes leading local	needed to seek income from other school budgets. These costs are	
	festival-style events for all local primary schools.	continuing to rise.	
	Positive feedback from students	Capacity of PE lead to lead/manage	
and Sport	and sharing ideas of what students would like to see within their lessons.	school sport council and complete next steps following meetings	

What are your plans for 2025/26?	How are you going to action and achieve these plans?	
Intent	Implementation	
To continue to increase the breadth of study within PE curriculum and extra-curricular activities offered. Golf will remain a priority this year as we attempt to embed the work started last academic year.	Using the current 2 staff who are confident to teach golf, those staff well use there time to teach more staff in school to teach Golf and other sports in school. Utilising a local golf project (LittleSticks) to help upskill staff.	
To increase inter school competitions for all students in our school. This will include increased number of 'house' / 'colours' events within curriculum time.	Playing in school fixtures and against local schools, this will reduce the cost of coach travel.	
Increase frequency of intra-school opportunities to allow more students to represent their school more often.	sCurriculum plans need to include 'colour competitions'. PE provision (curricular and extra-curricular) also need to be carefully planned to ensure students can access the increased opportunities created. Use of community clubs and organisations to give expert knowledge in targeted sports and physical activities (eg. increased link with Thetford Cricket Club.	
Development of PE curriculum. PE lead to design and implement a new PE programme across all key stages. External organisations / resources may be used.		

What impact/intended impact/sustainability are you	How will you know? What evidence do you have or	
expecting?	expect to have?	
Increase breadth of study - Increased skills being developed, without	Curriculum plans	
focussing on a small number of sports. More students to be confident	Student voice	
to engage in sports outside of lessons. Preparation for transition to high school.	Extra-curricular participation	
Extra-curricular - increased number of students accessing extra	Attendance at extra-curricular clubs	
provision. Some provisions will be targeted at certain student groups.	Timetable of extra-curricular clubs to be shared with families	
Inter-school provision - aims to increase confidence and provide opportunities for students to be competitive / represent a team or group.	Tracking and analysis of house points linked to sports activities and physical activity habits.	
PE Curriculum - increased engagement in PE and improved monitoring		
of progress.	Re-written PE curriculum, Basic PE curriculum overview to be published on our school website once developed.	

### Actual impact/sustainability and supporting

What impact/sustainability have you seen?	What <b>evidence</b> do you have?
<ul> <li>Increased breadth of study within PE curriculum and extra-curricular activities offered: <ul> <li>New sports added to PE curriculum (Orienteering and Table Tennis).</li> <li>Equipment purchased for new activities, so no new costs needed to sustain next year.</li> <li>Feedback from school council has been positive re: new activities being included.</li> </ul> </li> <li>Introduce extra-curricular opportunities for pupils: <ul> <li>Good attendance at all extra-curricular provision, with regular attendance for a number of weeks (half termly groups commit to the clubs)</li> <li>Golf - equipment sourced and training completed by PE lead, this project will continue next year, with plans to add Golf to PE curriculum.</li> <li>Netball - new club as a result from student voice</li> </ul> </li> </ul>	<ul> <li>PE curriculum overview</li> <li>School sport council creates a number of 'voting' opportunities to include all students in decisions. This data is held by school council reps.</li> <li>Registers which track attendance at extra-curricular clubs (before school / Lunch / After-school)</li> <li>Registers for trips/visits/fixtures for sports events - with a target to ensure that all students are given the opportunity to attend at least one opportunity per academic year.</li> <li>Staff attendance to 'LittleSticks' CPD and ongoing support from project lead (Monitoring and feedback forms).</li> </ul>

Swimming data 2024-25	<u>Stats:</u>	<u>Further context</u> Relative to local challenges
What percentage of your current Year 6 cohort can swim competently, confidently and proficiently over a distance of at least 25 metres?	30%	Young people do not have access to swimming in their own time, and families have financial constraints due to the prices in our local leisure centre.
What percentage of your current Year 6 cohort are able to perform safe self-rescue in different water-based situations?	<mark>%</mark>	Use this text box to give further context behind the percentage.

Actual impact/sustainability and supporting				
If your schools swimming data is below national expectation, you can choose to use the Primary PE and sport premium to provide additional top-up sessions for those pupils that did not meet National Curriculum requirements after the completion of core lessons. Have you done this?	No	We have not been able to achieve this due to access to the local leisure Centre / times swimming teachers were available. We have plans in place to explore top- up provision next year. We also face significant barriers re: transport costs to and from school to get to our nearest swimming pool.		
Have you provided CPD to improve the knowledge and confidence of staff to be able to teach swimming and water safety?	No
